What are we going to do?

Liferay Portal Headless
APP

About what?

I'M HOMER,
I'LL BE YOUR CUSTOMER.

An API that publish Liferay Portal organisations as restaurants

An API that publish Liferay Portal organisations as restaurants. And also publish their recipes.

An API that publish Liferay Portal organisations as restaurants. And also publish their recipes. And follows standards.

An API that publish Liferay Portal organisations as restaurants. And also publish their recipes. And follows standards. And allows collection pagination.

An API that publish Liferay Portal organisations as restaurants. And also publish their recipes. And follows standards. And allows collection pagination. And works.

Ravenwoodd

How?

Apio Architect

What do we have?

Restaurants

Chefs

Kitchen Assistants

Recipes

liferay-recipes-demo

com.liferay.recipes.demo.internal.RecipesDemo_default.config

liferay.recipes.max.assistants=25

liferay.recipes.max.recipes=25

liferay.recipes.max.restaurants=20

liferay.recipes.max.restaurants.per.assistant=4

Let's start!
